Objective

B.Tech student in Artificial Intelligence & Data Science (2026) with strong skills in data analytics, machine learning, and AI-driven insights. Seeking an internship in AI-enabled Data Analytics to apply analytical, technical, and problem-solving expertise for enhancing decision-making, predictive modeling, and customer insights across industries.

Education

B.Tech in Artificial Intelligence & Data Science
Maharshi Dayanand University, Rohtak | Expected Graduation: 2026
Relevant Coursework: Data Structures, DBMS, Machine Learning, Deep Learning, Artificial Neural Networks, Probability & Statistics for Data Science

Technical Skills

• Programming: Python, SQL, C++, Swift,
• Libraries & Frameworks: NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, Keras,Pyspark
• Tools & Platforms: Jupyter Notebook, Excel, Streamlit, Git/GitHub, Kaggle, Xcode,pycharm
• Domains: Data Analytics, Machine Learning, Deep Learning, NLP, Market Basket Analysis, Applied AI in Business Analytics

Projects

• **Market Basket Analysis Dashboard (2025)**
Built a Streamlit dashboard for retail data using the Apriori algorithm. Designed advanced visualizations to support data-driven decision-making.

• **Inequality in Education – IBM SkillBuild Internship (2024)**
Cleaned and analyzed large datasets with Python. Delivered insights through structured dashboards and reports.

• **iOS Netflix & Instagram Clones (Onspire Internship, 2024)**
Developed app clones using Swift & Xcode, replicating UI/UX and interactions.

• **Road accident Risk Prediction Using Machine Learning (Personal Project)**
Built an AI-driven predictive system using LIghtGBM to analyze accident data and estimate severity levels for proactive traffic safety planning.

Internship & Experience

• **Data Analytics intern- Bajaj Finserv(Feb-Present)**

Collaborating with team members to derive insights and improve data-driven decision processes.

• **Data Analytics Intern – IBM SkillBuild (Jul–Aug 2024)**
Conducted data cleaning, visualization, and statistical modeling. Presented insights through dashboards & reports, demonstrating data storytelling skills.

• **iOS Developer Intern – Onspire Internship & Training (2024)**
Built interactive mobile app prototypes using Swift & Xcode. Focused on enhancing app usability and responsiveness.

Achievements & Certifications

• IBM SkillBuild – Data Analytics with Jupyter Notebook
• Onspire – iOS App Development
• Prompt Engineering Certification – OpenAI/GitHub Projects (2025)
• Kaggle ML/DL Competitions – Active participation
• GitHub – Contributor to AI & DS repositories
